PROVO PEOPLE ASTIR.

A System of Waterworks Must be at Once Established

IF THE CITY HAS TO BE BONDED.

A Committee on Reception to the Governor and Other Prominent Guests Appointed -Other Notes.

The chamber of commerce held an interesting meeting Monday evening. A full attendance of members and quite a sprinking of citizens were present. A committee to whom had been referred the question of the establishing of other woolen mills in Provo, reported progress and were granted further time in which to inserting the progress and were granted further time in which to inserting the progress and the property of the progress.

vestigate and prepare a full report.

The committee appointed to investigate the present production of brick in our city, reported that they had every reason to believe from buildings now under contract and in prespect, that the present brick yards will not be able to will the december and they recommended that that the present brick yards will not be able to fill the demand, and they recommended that invitations be extended to brickmakers and other artisans to locate here to help supply the demand. The report was accepted and acopted, Other business of direct importance to our citizens was transacted, after which Mr. Thurman offered the following resolution:

Whereas, Provo city in respect to its population and commercial importance has arrived at a point in its progress when business and sanitary considerations demand that a system of water works should be designed and established; and

Whereas, It is not only improbable but impossible that such an enterprise can be accom-

water works should be designed and established; and

Whereas, It is not only improbable but impossible that such an enterprise can be accomplished by means of the ordinary current revenue received from licenses and taxation; and
Whereas, The present city council of Prove
city are not favorable to the establishment of
water works is evidenced by the plutform upon
which they were elected, therefore
Resolved, That as business men and taxpayers whose homes and property are liable to
taxation for the payment of any necessary
bonded debt, we are in favor

1—Of honding the city for a suitable amount
to establish such water-works as may be necessary for business and resident purposes.

2—If necessary, we are in favor of selling so
much of the surplus real property of said city
as may be necessary for the accomplishment of
the aforesaid purpose.
Resolved Further that the resolution be res-

ne may be necessary in the aforesent and the aforesent purpose.

Resolved, Further, that the resolution be respectfully submitted to the honorable city council of Provo city for their consideration.

Several members spoke to the resolution and it was finally adopted unanimously.

Other Notes.

A move that was inaugurated some months ago to give a reception to the governor of the territory and other prominent guests was further acted upon and the following committee appointed to arrange for a grand affair: W. H. Ring, R. H. Dodd, S. R. Thurman, J. D. Jones and Reed Smoot.

The postoffice has been remodeled and the acilities enlarged to meet the growing demands R. K. Thomas is here to-day and with his pariners in the Cosmopolitan hotel and vicinity, is arranging for the new building spoken of yes-

is arranging for the new building spouse. Serice,
A high wind was raging here this afternoon. The morning opened up serene and clear, but just before noon the sky was overcast with clouds and since then the wind is howling furficusty. Trees are uprooted the Rio Grande Western engine-nouse is overturned, and things in general are shaken up. Just now 4 p. m., wind is moderating and a driving snow is falling.

Yesterday William Probert bought ten acres of land near the asylum for \$10,000.

of land near the asylum for \$10,000.

Some of the Union Pacific officials from Salt Lake are at Spanish Fork negotiating for a right-of-way through the town with a view of removing their line, which is now a mile away, up into the city.

Besides indicating the drift of the Union Pacific, this move explodes the notion that the proposed Utah, Nevada & California road is identical in interest with the former. Although the latter road is lying very low just now in its movement, its office here in the Union block is juite active, though just what is being done is active, though just what is being done is act known.
